

Drestein -2022
Department of Computer Science and Engineering

Event Title - The Lost Code (Code Treasure Hunt)				
Date and Session - 17.11.2022 FN				
S.no	Name of Staff	Designation	Whatsapp Number	Email ID
1.	Dr.Sujatha	Professor	9789950535	sujathae@saveetha.ac.in
2.	Ms.P.Preethi	Assistant Professor	8608721755	ppreethi@saveetha.ac.in
Event Student Coordinator Details				
S.no	Name of the Student	Year	Whatsapp Number	Email ID
1	Neha MA	III	7305312546	nehamanickam74@gmail.com
2	Vibha Mukund	III	6360858895	vibhamukund177@gmail.com
3	S R Pavishmi	II	8015022447	pavishmi1504@gmail.com
4	Pradeesh Kumar S	II	7550320820	pradeesh2711.lm@gmail.com
Round 1(Aptitude and Quantitative puzzles/problems)				
Rules	In this round the teams (2-3 members) will be given a set of aptitude and logical based questions which they need to solve within the given time. This round will contain questions related to algorithms like N-queens as well as encryption and decryption using simple cipher techniques to find the clues for the second round. The teams that manage to solve all the questions correctly within assigned time will proceed to the next round.			
Round 2 (Mismatched cohort)				
Rules	Each team will be given chits with mismatched/jumbled codes and they have to rearrange it and obtain the correct code and result. The decrypted clues of the first round will reveal the idea that has to be coded in the second round. The first 20 teams which get the highest number of correct outputs in the assigned time will be qualified to the third round.			

Round 3 (Clue Mining)	
Rules	Based on the output of the second round, The teams have to perform file mining in the given git repository and dig through many folders and files to get snippets of algorithm to qualify to the final round. They need to arrange the algorithm in proper order. The first 5 teams to complete this round will qualify to the final round.
Round 4 (Expect the Unexpected)	
Rules	Each team will have to code the program for the found algorithm in either C programming or Python language and the first team to complete the coding will be the winner of the event.

Event Title - Design Space (UI design)				
Date and Session - 17.11.2022 AN				
S.no	Name of Staff	Designation	Whatsapp Number	Email ID
1.	Dr.Gopirajan PV	Assistant Professor	9444803672	gopirajan@saveetha.ac.in
2.	Mr.N.V.Ravindhar	Assistant Professor	9865855944	ravindhar@saveetha.ac.in
Event Student Coordinator Details				
S.no	Name of the Student	Year	Whatsapp Number	Email ID
1	Arun Kumar	III	8072906817	arunkumararunkumar1044@gmail.com
2	Ashwin Kumar V K	III	7604835038	ashwinvk749@gmail.com
3	Hariharan E	II	6385452810	hariharan00332810@gmail.com
4	Kaviya B	II	8870600864	kaviyabalaji2208@gmail.com
5	Sachin E A	II	9080298708	sachinezhilmaran@gmail.com
Round 1 (Quiz)				
Rules	A team shall consist of one or two persons (Max). The participants shall not be allowed to use mobile. The participants need to attend a quiz consisting of 20 questions in 10 mins. Questions will be from general computers and UI. After completing the quiz, participants need to design a website UI.			
Round 2 (Innovative Interface)				
Rules	The participants need to design a website page based on the theme given.			

The participants are given 5 themes, 3 fonts and 3 images. They need to select one from the given themes and need to design a website UI

Take up one of the five challenges provided and design a UI in accordance with the challenge.

Font and image requirements should be fulfilled as provided in the challenge.

Participants can use images of their own if necessary.

Participants should not use the pre-defined components from the external resources

Participants are given the freedom to choose any one of the given tools which is fit for designing a UI interface.

Tools:

FIGMA

FLUID UI

VISILI AI

Event Title - Sightless Snippets (Blind Coding)				
Date and Session - 18.11.2022 FN				
S.no	Name of Staff	Designation	Whatsapp Number	Email ID
1.	Dr.Anitha Julian	Professor	9840031459	anithajulia@saveetha.ac.in
2.	Dr.RamyaDevi	Associate Professor	9841372294	ramyadevir@saveetha.ac.in
Event Student Coordinator Details				
S.no	Name of the Student	Year	Whatsapp Number	Email ID
1	Madhumitha S	III	7550300217	madhumithask1799@gmail.com
2	Moulika	III	7550070904	moulikadeepu2002@gmail.com
3	Bargava	II	9789099333	bhargavashankar2003@gmail.com
4	Dhanush	II	9944488202	msdhanush2003@gmail.com
Round 1(Simple Snippets)				
Rules	A set of simple programs are given to the coders, they have to find the solution to those programs and execute it in the system with screen off. Those who give the correct answer with in certain time they are qualified to the next round			
Round 2 (Flash)				
Rules	A set of programs will be displayed to the coders for a specified time and they are supposed to predict the output pattern for that program with in the given time, those who give the exact answers will be qualified to the next round			
Round 3 (Fix the Snippets)				

Rules	<p>Program with some errors is given in the paper to the coders and first they have to debug that program in the paper and then they have to execute the same program in the system with screen off.</p> <p>Then three pattern programs are given to them and they have to find the solution to that program then they have to execute it in the system with screen off.</p>

Event Title - Dare to Compete (Ideathon)	
Date and Session - 18.11.2022 AN	

S.no	Name of Staff	Designation	Whatsapp Number	Email ID
1.	Dr.Vijay Anand	Professor	9884416131	vijayanand@saveetha.ac.in
2.	Dr.V.Umarani	Assistant Professor	8610352527	umaraniv@saveetha.ac.in

Event Student Coordinator Details

S.no	Name of the Student	Year	Whatsapp Number	Email ID
1	Herin Shani S	III	9042374992	herinshani2311@gmail.com
2	Theerthavasan P	III	9597134729	theerthausa@gmail.com
3	Isreal Moses B	II	8124392207	isrealmoses777@gmail.com
4	V Jai Ganesh	II	9360246488	jaiganesh9604@gmail.com

Round 1 (Abstract extraction)

Rules	<p>The theme of ideathon will be given two days before the event</p> <p>The participants need to prepare an abstract for their idea based on the theme.</p> <p>A group can contain minimum of 1 and maximum of 3 members</p> <p>The top 10 teams will advance to ROUND 2 on the basis of their report</p>
--------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Round 2 (PPT Presentation)	
Rules	<p>Each team will be receiving 3-4 minutes to present their idea through ppt and</p> <p>2-3 minutes to solve the given questions (Timing may vary based on number of teams).</p> <p>The TOP 3 will be selected based on the idea of the presentation.</p>
